Session Program

14–18 Dec 2026

Dark Side of the Universe 2026

Neutrinos II: neutrino-portal DM & ν signals

Tuesday 15 December

15:45

Neutrinos II: neutrino-portal DM & ν signals

Session |
Location: M02, Faculty of Science, Chulalongkorn University Phayathai Road, Pathumwan, Bangkok 10330 Thailand

15:45–16:05 **Dark Matter searches with the KM3NeT neutrino telescope**

Speaker
SERGIO NAVAS

16:05–16:25

Dark matter explanations for the neutrino emission from the Seyfert galaxy NGC 1068

Speaker
Kensuke Akita

16:25–16:45

A radiative neutrino mass model with semi-annihilating boosted dark matter

Speaker
Dr Takashi Toma

16:45
