Session5

Session |**Location:** Yamashiro Spa Yunokuni Tensho, Kaga, Ishikawa, JAPAN |**Convener:** Atsuko Ichikawa

14:00-14:25

Status of the T2K experiment and neutrino interaction measurements

Speakers

Morgan Wascko, Morgan Wascko

14:25-14:50

Intermediate water Cherenkov detector

Speaker

Masaki Ishitsuka

14:50-15:15

JSNS2; particle- and astro-physics with J-PARC MeV neutrino beams

Speaker

Tatsushi Shima

15:15-15:40

Impact of gravitational wave detection and its perspective

Speaker

Takahiro Tanaka

15:40-16:00

Neutrinos from explosive astrophysical objects

Speaker

Yudai Suwa

16:00
