Moodle101: Enhance your ed-tech skills and students learning

Friday 16 February 2024 13:00 (1h 30m)

This workshop is for the beginner user or a person who is considering starting their own Moodle site and server. Attendees who also use their own Moodle systems can also attend to share their experiences with novice Moodle users. Basic functions (setting up a class, types of quizzes, interactive textbook creation, H5P features) will be reviewed. I hope to have some hands-on demonstrations and group work with expert and novice Moodle users, especially teachers in the second language classroom.
