MoodleNet3 is here!

Sunday 18 February 2024 14:30 (20 minutes)

MoodleNet has faced a number of false starts and dead ends over the years. A working “model” MoodleNet site has been running since 2021, but it has lacked the federation features that have been touted. In summer 2023, a new version of MoodleNet, dubbed MoodleNet3 was released that allows for easy installation and customization. This presentation will introduce MAJ’s new MoodleNet installation and discuss how - or whether - MAJ can move from the current Showcase of open courseware to a new MAJ MoodleNet.
