## Creating Interactive Videos with H5P on Moodle

*Thursday 27 February 2025 14:45 (1h 30m)*

This workshop provides a practical introduction to using H5P for creating interactive videos on Moodle. The session will guide participants through embedding quizzes, annotations, and prompts into videos to encourage active learning and support student understanding.

The workshop begins with an overview of H5P's features and its integration with Moodle. Participants will engage in hands-on activities, including adding videos, creating interactive elements, and fine-tuning settings to meet specific teaching goals. Practical tips for aligning video content with learning objectives and strategies for using Moodle's analytics to track student engagement will also be covered.

By the end of the session, participants will be able to create interactive videos and integrate them into their Moodle courses effectively.
