Joining the Moodle Community

Friday 28 February 2025 15:05 (30 minutes)

What would you do if Moodle HQ offered you the chance to work in the Moodle Community? As an English educator in Japan since 2001, I began working with Moodle in 2008 at my first university position. By February of 2025, I will be a full-time employee of Moodle LTD PTY working as a Moodle Community Coordinator. How did I get from there to here? In this presentation, I will detail the journey I have taken using Moodle over the years to show how this wonderful open source tool has shaped my teaching, my research, my development, and my love for education technology. I will share some of the highlights of the projects I've done using Moodle as well as the new roles and responsibilities I will be taking on in the new position. I hope to inspire your desire to contribute to the Moodle Community and support Moodle LMS.
