

Session Program

1 December 2019

The 3rd Workshop on High Energy Physics in Guangzhou

Afternoon

Shipai Administration Building, South China Normal University , room 6,7th floor
No.55, Zhong Shan Da Dao Xi ,Guangzhou ,510631 ,PRC.

Sunday 1 December

14:00

Afternoon: Chair

Session |

Location: Shipai Administration Building, South China Normal University , room 6,7th floor , No.55, Zhong Shan Da Dao Xi ,Guangzhou ,510631 ,PRC. |

Convener: Fanrong Xu

14:00-14:20

A narrow Pc(4380)

Speaker

Qian Wang

14:20-14:40

Magnetic Field in Charged Subatomic Swirl

Speaker

Xingyu Guo

14:40-15:00

Matter-antimatter asymmetry generation due to time-varying background

Speaker

Seishi Enomoto

15:00-15:20

Physical Gauges on Massive Gauge Theory and Application on HELAS

Speaker

Dr Junmou Chen

15:20
