

Session Program

1 December 2019

The 3rd Workshop on High Energy Physics in Guangzhou

Afternoon

Shipai Administration Building, South China Normal University , room 6,7th floor
No.55, Zhong Shan Da Dao Xi ,Guangzhou ,510631 ,PRC.

Sunday 1 December

15:50

Afternoon: Chair

Session |

Location: Shipai Administration Building, South China Normal University , room 6,7th floor , No.55, Zhong Shan Da Dao Xi ,Guangzhou ,510631 ,PRC. |

Convener: Prof. Honghao Zhang

15:50-16:10

Dynamical CP violation in the early universe and Baryogenesis

Speaker

Dr mengchao zhang

16:10-16:30

Hidden-charm pentaquark states in a molecular picture

Speaker

Wei Chen

16:30-16:50

Dark Matter Bound State Formation in a Z_2 Model with Light Dark Photon and Dark Higgs Boson

Speakers

Yilei Tang, Yilei Tang

16:50-17:10

Master integrals of a planar double-box family for top-quark pair production

Speaker

Dr Longbin Chen

17:10
