

Session Program

6-9 Apr 2018

Výjezdní seminář ÚČJF

Monday

Other Institutes
Hotel Skála, Malá Skála

Monday 9 April

09:00

Monday: Morning

Session | **Location:** Other Institutes, Hotel Skála, Malá Skála

09:00–09:45

The ATLAS Experiment

Speaker

Tomas Davidek

09:45–10:15

Measurement of the Higgs boson production cross section in decays to tau leptons

Speaker

Daniel Scheirich

10:15–10:45

ATLAS Tile Calorimeter performance

Speaker

Krystsina Petukhova

10:45–11:15

Přestávka

11:15–11:45

Dark Matter Predictions in E6 Inspired SUSY Models

Speaker

Dr Dylan Harries

11:45–12:15

Leptoquarks - theory

Speaker

Matej Hudec

12:15–12:45

Leptoquarks

Speaker

Vojtech Pleskot

13:00

14:00

Monday: Afternoon

Session | **Location:** Other Institutes, Hotel Skála, Malá Skála

14:00–14:30

ATLAS B-physics

Speaker

Pavel Reznicek

14:30–15:00

Heavy-ion collisions with the ATLAS detector

Speaker

Radim Slovak

15:00–15:30

ATLAS ITk Upgrade

Speaker

Martin Sykora

15:30–16:00

Spin of resonances from the neutron capture experiment in rare-earth nuclei

Speaker

Ingrid Knapova

16:00–16:30

Belle II

Speaker

Jakub Kandra

16:30
