

Session Program

18-19 Feb 2019

**Australian Meeting on Accelerator-Based
Particle Physics**

Strategy Session

Monash University, S2 Lecture Theatre
16 Rainforest Walk (Central Science Block), Clayton, VIC, Australia

Monday 18 February

12:35

Strategy Session: Links with Accelerator Science

Session |

Location: Monash University, S2 Lecture Theatre, 16 Rainforest Walk (Central Science Block), Clayton, VIC, Australia

12:35–13:05

Linkages between accelerator and particle physics

Speaker

Prof. Andrew Peele

13:15

13:05–13:15

Discussion

14:15

Strategy Session: Major Projects and International Outlook

Session |

Location: Monash University, S2 Lecture Theatre, 16 Rainforest Walk (Central Science Block), Clayton, VIC, Australia

14:20–14:40

ATLAS

Speaker

Paul Douglas Jackson

14:40–15:20

Flavour Experiments: Belle II, LHCb, COMET

Speakers

Phillip Urquijo, Ulrik Egede

15:20–15:40

Future Projects (FCC, CEPC, CLIC, LHC upgrades, + non-collider projects...)

Speaker

Geoffrey Taylor

15:50

15:40–15:50

Discussion

16:20

Strategy Session: Roadmap for Accelerator-Based HEP in Australia - Discussions

Session |

Location: Monash University, S2 Lecture Theatre, 16 Rainforest Walk (Central Science Block), Clayton, VIC, Australia

16:25–17:25

Round table on national coordination and roadmap (incl CERN associate membership)

Speakers

Jordan Nash, Adi Paterson, Geoffrey Taylor

17:30–18:15

Being ready for a CoE proposal in accelerator-based HEP 2 years from now

18:20

Tuesday 19 February

12:45

13:30

Strategy Session: Synergy and Joint Ventures - Discussion

Session |

Location: Monash University, S2 Lecture Theatre, 16 Rainforest Walk (Central Science Block), Clayton, VIC, Australia
