

Session Program

17-21 May 2021

RADCOR-LoopFest 2021

Tuesday Parallel I.B

Florida State University, Virtual Conference

Monday 17 May

08:00

Tuesday Parallel I.B

Session | Location: Room B | Convener: Mao Zeng

08:00–08:25

Mixed QCD \times QED corrections to Drell-Yan and Higgs boson productions beyond SV at N³LO

Speaker

Aparna Sankar

08:30–08:55

Power corrections to event shapes using eikonal dressed gluon exponentiation

Speaker

Sourav Pal

09:00–09:25

The role of NLP threshold corrections in dQCD and SCET

Speaker

Melissa van Beekveld

09:30–09:55

On the difference between the FOPT and CIPT approach for the hadronic tau decay rate

Speaker

Andre Hoang

09:55
