Tuesday Parallel III.B

Session | Location: Room B | Convener: Konstantinos Papadopoulos

14:30–14:55 Towards NNLO corrections to muon-electron scattering

Speaker  
Syed Mehedi Hasan

15:00–15:25  
Top quark mass corrections to single and double Higgs boson production in gluon fusion

Speaker  
Joshua Davies

15:30–15:55  
Some Leading Fermionic Three-Loop Corrections to Electroweak Precision Observables

Speaker  
Lisong Chen

16:00–16:25  
Light Quark Mediated Higgs Boson Threshold Production in the Next-to-Leading Logarithmic Approximation

Speaker  
Alexander Penin

16:25
