

Session Program

17-21 May 2021

RADCOR-LoopFest 2021

Friday Parallel I.B

Florida State University, Virtual Conference

Thursday 20 May

08:00

Friday Parallel I.B

Session | Location: Room B | Convener: Matthias Steinhauser

08:00–08:25 **Apply NLP SCET in Higgs amplitudes induced by light quarks**

Speaker
Xing Wang

08:30–08:55 **Next-to-soft virtual correction to differential cross section at LHC**

Speaker
Ajjath A H

09:00–09:25
Two-parton scattering in the high-energy limit: climbing two- and three-Reggeon ladders

Speaker
Leonardo Vernazza

09:30–09:55
Regge limit constraints for the soft anomalous dimension at four loops

Speaker
Niamh Maher

09:55
