

Session Program

17-21 May 2021

RADCOR-LoopFest 2021

Friday Plenary III

Florida State University, Virtual Conference

Thursday 20 May

14:30

Friday Plenary III

Session | **Location:** FSU Zoom, Main | **Convener:** Prof. Michal Wiktor Czakon

14:30–14:55

Two-loop leading-colour QCD helicity amplitudes for top-quark pair production in the gluon fusion channel

Speaker

Ekta Chaubey

15:00–15:25

NNLO QCD predictions for 2 to 3 processes

Speaker

Rene Poncelet

15:30–15:55

From cross sections in colliders to gravitational wave observables

Speaker

Julio Parra-Martinez

16:00–16:25

Three-loop amplitudes in massless QCD

Speaker

Lorenzo Tancredi

16:25
