

**Session Program**

**17-21 May 2021**

**RADCOR-LoopFest 2021**

***Thursday Parallel II.A***

Florida State University, Virtual Conference

# Wednesday 19 May

10:30

## Thursday Parallel II.A

**Session** | **Location:** Room A | **Convener:** Alexander Penin

10:30–10:55 **Nested soft-collinear subtractions for deep inelastic scattering**

**Speaker**

Konstantin Asteriadis

11:00–11:25 **Importing perturbative QCD methods into gravitational wave physics**

**Speaker**

Mao Zeng

11:30–11:55 **Feynman integrals for binary systems of black holes**

**Speaker**

Stefan Weinzierl

12:00–12:25 **The gravitational potential at fifth order**

**Speaker**

Andreas Maier

12:25
