# 8th Sydney Meeting

# Report of Contributions

https://indico.global/e/12921

Contribution ID: **1** Type: **not specified**

# The evolution of massive stars and their violent deaths (1/3)

*Thursday 28 November 2024 10:00 (1h 30m)*

**Presenter:** HEGER, Alexander (Monash University)

**Session Classification:** lectures

Contribution ID: **2** Type: **not specified**

# Gravitational waves (1/2)

*Thursday 28 November 2024 16:00 (1 hour)*

**Presenter:** MALHOTRA, Ameek

**Session Classification:** lectures

Contribution ID: **3** Type: **not specified**

# Gravitational waves (2/2)

*Friday 29 November 2024 11:30 (1 hour)*

**Presenter:** MALHOTRA, Ameek

**Session Classification:** lectures

Contribution ID: **4** Type: **not specified**

# Bayesian statistics (1/2)

*Friday 29 November 2024 14:00 (1h 30m)*

**Presenter:** HAMANN, Jan (The University of New South Wales)

**Session Classification:** lectures

Contribution ID: **5** Type: **not specified**

# The evolution of massive stars and their violent deaths (2/3)

*Thursday 28 November 2024 11:30 (1 hour)*

**Presenter:** HEGER, Alexander (Monash University)

**Session Classification:** lectures

Contribution ID: **6** Type: **not specified**

# The evolution of massive stars and their violent deaths (3/3)

*Friday 29 November 2024 09:30 (1h 30m)*

**Presenter:** HEGER, Alexander (Monash University)

**Session Classification:** lectures

Contribution ID: **7** Type: **not specified**

# Bayesian statistics (2/2)

*Friday 29 November 2024 16:00 (1h 30m)*

**Presenter:** HAMANN, Jan (The University of New South Wales)

**Session Classification:** lectures

Contribution ID: **8** Type: **not specified**

# Quantum Resolution of Classical Backgrounds

*Thursday 28 November 2024 17:00 (1 hour)*

**Presenter:** BEREZHIANI, Lasha (Max Planck Institute for Physics)

**Session Classification:** lectures

Contribution ID: **9** Type: **not specified**

# What is everyone working on?

*Thursday 28 November 2024 15:30 (30 minutes)*

**Session Classification:** lectures

Contribution ID: **10** Type: **not specified**

# tba

*Thursday 28 November 2024 14:00 (1 hour)*

**Presenter:** COTTLE, Amy

**Session Classification:** colloquium
