

Session Program

5-7 Feb 2020

**Multi-messenger Astronomy and Astrophysics
Workshop**

Gravitational Wave II

Muju Resort, Korea

Friday 7 February

09:00

10:30

Gravitational Wave II	
Session Location: Muju Resort, Korea Convener: Myeong-Gu Park	
09:00-09:30	Fully analytic IMR waveform
Speaker Gihyuk Cho	
09:30-10:00	Search for an EOB Hamiltonian describing two black holes with arbitrary eccentricities
Speaker Gungwon Kang	
10:00-10:30	Numerical studies for accreting matter flow around a black hole
Speaker Jinho Kim
