

Session Program

Apr 24 - 28, 2023

**29th Young Scientists' Conference on
Astronomy and Space Physics**

***High energy astrophysics and astroparticle
physics***

Zoom

Wed, April 26

4:00 PM

High energy astrophysics and astroparticle physics

Session | Location: Zoom | Convener: Pavlo Plotko

4:00 - 4:15 PM

Observations and study of Hyper-Luminous Gamma-Ray Burst GRB 221009A at the Kyiv comet station

Speaker

Ms Oleksandra Pyshna

4:15 - 4:30 PM

The curvature emission model of isolated X-ray pulsar RX J0420.0-5022.

Speaker

Ms Natia Kevlishvili

4:30 - 4:45 PM

Multimessenger Research of Shapley Supercluster

Speaker

Ms Valentyna Babur

4:45 PM
