

Session Program

6-7 Jun 2025

2025 Theory Canada 17

Mathematical Physics

University of Regina
Regina, Saskatchewan.

Friday 6 June

09:15

Mathematical Physics

Session | **Location:** Education Bldg, 191

09:15–09:30

Spectrum of the Laplacian on the Page Metric

Speaker

Kam To Billy Sievers

09:30–09:45

Wightman Axioms for Hopf-Frobenius Modules

Speaker

Matt Alexander

09:45–10:00

Noncommutative formulation of classical mechanics

Speaker

Mr Mustafa Amin

10:00–10:15

Stability of PPT in equilibrium states

Speaker

Marco Merkli

10:15–10:45

Looking at bulk points in general geometries

Speaker

Joydeep Chakravarty

10:45
