

Session Program

Jul 23 - 25, 2025

Cosmology Summer Fest 2025

LIM+

Johns Hopkins University, 272 Bloomberg Center for Physics and Astronomy
3701 San Martin Drive Baltimore, MD 21218

Wed, July 23

4:15 PM

LIM+: Session 4

Session |

Location: Johns Hopkins University, 272 Bloomberg Center for Physics and Astronomy, 3701 San Martin Drive
Baltimore, MD 21218

4:15 - 4:45 PM

New Probes of Cosmic Noon with Line Intensity Mapping

Speaker

Anthony Pullen

4:45 - 5:15 PM

Galaxies for cosmology and cosmology for galaxies

Speaker

Julian Munoz

5:15 - 5:30 PM

A New Boundary Condition on Reionization

Speaker

Ely Kovetz

5:30 - 5:45 PM

High-Redshift Astrophysics Using Every Photon

Speaker

Patrick Breyse

5:45 - 6:00 PM

Dim and Deserted: What Low Density Structures Tell Us About the Cosmology of the Universe

Speaker

Lara Arielle Phillips

6:00 PM
