

Session Program

Jul 23 - 25, 2025

Cosmology Summer Fest 2025

Transients

Johns Hopkins University, 272 Bloomberg Center for Physics and Astronomy
3701 San Martin Drive Baltimore, MD 21218

Fri, July 25

9:00 AM

Transients: Session 1

Session |

Location: Johns Hopkins University, 272 Bloomberg Center for Physics and Astronomy, 3701 San Martin Drive
 Baltimore, MD 21218

9:00 - 9:30 AM

Probing the cosmic dark ages with the Hongmeng project

Speaker

Xuelei Chen

9:30 - 9:45 AM

Clustering fossil and parity violation measurement

Speaker

Donghui Jeong

9:45 - 10:00 AM

Clustering in Plato's cave

Speaker

Alvise Raccanelli

10:00 - 10:15 AM

Not-Quite Primordial Black Holes

Speaker

Wenzer Qin

10:15 - 10:30 AM

Widen the Resonance: Probing a New Regime of Neutrino Self-Interactions with Cosmological Neutrinos

Speaker

Bei Zhou

10:30 AM
