

Wagga2026/AC2MP2026

Monday 9 February 2026 - Friday 13 February 2026

Charles Sturt University, Wagga Wagga NSW Australia

Scientific Programme

Contributed talk sessions

Magnetism

Superconductivity

Microstructural characterisation

Transition metal dichalcogenides

Thermo- and magneto-electrics

Thin films

Topological materials

Materials and devices

Materials for photovoltaics

Nanoparticles

Electron band theory

Condensed matter theory

Materials under extreme conditions

Experimental facilities in the Asia-Pacific
