Charm tetraquarks investigation using CLS lattices

Monday 3 November 2025 16:40 (20 minutes)

I will summarize various lattice investigations of charmed and charmonium tetraquarks using CLS lattice QCD ensembles that we have performed in the past one year.

Parallel Session (for talks only)

Hadronic and nuclear spectrum and interactions

Author: PADMANATH, M. (The Institute of Mathematical Sciences Chennai)

Presenter: PADMANATH, M. (The Institute of Mathematical Sciences Chennai)

Session Classification: Hadronic and nuclear spectrum and interactions
