Dinner

Wednesday 1 October 2025 18:00 (4 hours)

We dine at Nolle. Nice art nouveau interior in the very heart of Mitte.

The food deal is a small starter (the same for everyone), and a main dish and a desert that you will be able to choose from a restricted menu. Iced water will be supplied. Drinks and - if you want to make them nervous, additional food - are not covered by the conference funding; the rules are unfortunately very restrictive. I do in fact have more money, but alas, I must not invest it ...

A questionnaire about your choice of dishes and some other points should have gone out to you.
