

Session Program

10-13 Jun 2025

BlackHolistic Meeting Finland 2025

The science of supermassive black holes

Aalto University, U7 PWC
Otakaari 1, 02150 Espoo

Wednesday 11 June

11:00

The science of supermassive black holes

Session | **Location:** Aalto University, U7 PWC, Otakaari 1, 02150 Espoo

11:00–11:15

Long-term radio variability of AGN

Speaker

Sofia Kankkunen

11:15–11:30

Solving the Mystery of High-Energy Neutrinos via Blazar Radio Monitoring

Speaker

Pouya Kouch

11:30–11:45

Multi-wavelength modelling of 5 low-luminosity AGN

Speaker

Ruby Duncan

11:45–12:00

ALMA Faraday rotation observations of the radio galaxy 3C120

Speaker

Mikael Turkki

12:00–12:15

Kinematically, XRB jets are just as relativistic as those from AGN

Speaker

Clara Lilje

12:15–12:30

ALMA2040: Jets and transients in the '40s

Speaker

Karri Koljonen

12:30
