

Session Program

10-13 Jun 2025

BlackHolistic Meeting Finland 2025

The science of stellar mass black holes

Aalto University, U7 PWC
Otakaari 1, 02150 Espoo

Friday 13 June

11:00

The science of stellar mass black holes

Session | **Location:** Aalto University, U7 PWC, Otakaari 1, 02150 Espoo

11:00–11:18

Swift J1727: a(nother) new black hole with large scale relativistic jets

Speaker

Andrew Hughes

11:18–11:36

The fundamental plane of black hole activity from MeerKAT

Speaker

Justine Crook-Mansour

11:36–11:54

Multiwavelength signatures of the microblazar MAXI J1836-194's outburst from radiative GRMHD simulations

Speaker

Leon David Sosapanta Salas

11:54–12:12

Extreme relativistic jets from a neutron star

Speaker

Fraser Cowie

12:12–12:30

X-ray views of accretion discs and winds during phases of jet formation

Speaker

Zuobin Zhang

12:30
