

Session Program

7-10 Oct 2025

**LII International Meeting on Fundamental
Physics**

Strategy discussion

IGFAE

Tuesday 7 October

09:30

Strategy discussion

Session | Location: IGFAE

09:30–09:55 **FCC**

09:55–10:20 **Linear collider**

Speaker

Jenny List

10:20–10:45 **Projects using the LHC tunnel at CERN**

Speaker

Jorgen D'Hondt

10:45–11:10 **Comparative between projects**

Speaker

Nicolas Mounet

11:10

11:40

Strategy discussion

Session | Location: IGFAE

11:40–12:05 **Electroweak Physics**

12:05–12:25 **Strong Interactions**

Speaker

Nestor Armesto Perez

12:25–12:50 **Flavour Physics**

Speaker

Marie-Helene Schune

12:50–13:10 **Neutrino Physics and cosmic messengers/Dark Matter**

13:10–13:35 **BSM Physics/Dark Sectors**

13:35

15:20

Strategy discussion

Session | Location: IGFAE

15:20–15:40 **Detector Technologies**

15:40–16:00 **Computing**

Speaker

Borut Kersevan

16:00

16:30

19:00

Strategy discussion

Session | Location: IGFAE

16:30–19:00

Discussion

Speaker
