

Session Program

15-16 Sept 2025

CCP-TEPP Knowledge Exchange Workshop for Computational Theoretical and Experimental Particle Physics

Automation and reproducibility of analysis workflows in particle physics

Daresbury Labs, Daresbury Laboratory, Cheshire, Brunner-Mond

Monday 15 September

11:30

Automation and reproducibility of analysis workflows in particle physics

Session | **Location:** Daresbury Labs, Daresbury Laboratory, Cheshire, Brunner-Mond | **Convener:** Simon Hands

11:30–12:00

The case for automated data analysis workflows in lattice

Speaker

Ed Bennett

12:00–12:30

Analysis Facilities and SWIFT-HEP

Speaker

Sam Eriksen

12:30–12:40

Panel Q&A

Speaker

Ed Bennett

12:40
