

## **Session Program**

**26-29 May 2026**

## **Nordic-Baltic Astronomy Days 2026**

### ***Rapid (100 sec) Poster Talks***

Radisson Blu Marina Palace Hotel  
Linnankatu 32, 20100 Turku

## Tuesday 26 May

12:00

### Rapid (100 sec) Poster Talks

Session | Location: Room A+B

12:00-12:01

#### **Nordic ALMA Regional Center node software tools for interferometric data analysis**

**Speaker**

Daniel Tafoya

12:01-12:02

#### **The Nordic ARC node support for ALMA users**

**Speaker**

Sabine König

12:02-12:03

#### **An Overview of the Astronomical Facilities of the Canary Islands**

**Speaker**

Julia Martikainen

12:03-12:04

#### **La Palma Quantum Interferometer**

**Speaker**

Joonas Viuhonen

12:04-12:05

#### **From Archive to Discovery: Enabling New Science with the NOT Data**

**Speaker**

Sergio Armas

12:05-12:06

#### **BLAST, the Binocular Large Area Survey Telescope**

**Speaker**

Michael I. Andersen

12:06-12:07

#### **New and upgraded observing facilities at Tartu Observatory**

**Speaker**

Tõnis Eenmäe

12:07-12:08

#### **Tracing Early Oxygen Enrichment with Metal-Poor stars with VLT-UVES**

**Speaker**

Heitor Erandes

12:08-12:09

#### **A new method for observationally constraining cosmic ray diffusion in nearby galaxies**

**Speaker**

Alice Knutas

12:15
