

## **Session Program**

**26-29 May 2026**

## **Nordic-Baltic Astronomy Days 2026**

### ***26-B3: Planets***

Radisson Blu Marina Palace Hotel  
Linnankatu 32, 20100 Turku

## Tuesday 26 May

16:15

### 26-B3: Planets

Session | Location: Room B

16:15-16:30

#### Tracing the imprints of external irradiation on protoplanetary disks

**Speaker**

Mari-Liis Aru

16:30-16:45

#### Searching for other Earths

**Speaker**

Dainis Dravins

16:45-17:00

#### Are Stars Eating Burning Marshmallows? Insights into Hot Jupiter Systems

**Speaker**

Alexandra Lehtmetts

17:00-17:15

#### Towards a homogeneous sample of M-dwarf properties and abundances for the PLATO mission

**Speaker**

Nikki Miller

17:15-17:30

#### Characterizing the HD 110067 system of resonant exoplanets

**Speaker**

Marylyn Rosenqvist

17:30
