

Session Program

26-29 May 2026

Nordic-Baltic Astronomy Days 2026

26-C3: Cosmology + Outreach

Radisson Blu Marina Palace Hotel
Linnankatu 32, 20100 Turku

Tuesday 26 May

16:15

26-C3: Cosmology + Outreach

Session | Location: Room C

16:15-16:30 **The challenge of the largest structures in the Universe**

Speaker

Maret Einasto

16:30-16:45

From image position to extended image modeling in the era of JWST: next-generation strong lens mass models of galaxy clusters

Speaker

Stefan Schuldt

16:45-17:00

J-PAS&FLAMINGO: Tracing Cosmic Voids and Void Galaxies in the Gravitational Landscape of Photometric Surveys

Speaker

Jad Mansour

17:00-17:15

Brightest group and cluster galaxies as indicators of relaxation

Speaker

Kelly Kelder

17:15-17:30

The Stars Belong to Everyone! Communicating Astronomy in Finland

Speaker

Anne Liljeström

17:30
