

Session Program

26-29 May 2026

Nordic-Baltic Astronomy Days 2026

27-B1: Compact objects

Radisson Blu Marina Palace Hotel
Linnankatu 32, 20100 Turku

Wednesday 27 May

13:15

27-B1: Compact objects

Session | Location: Room B

13:15-13:30

Spider Pulsars and Neutron Star Astrophysics in Norway

Speaker

Manuel Linares

13:30-13:45

SpiderCat: A Catalogue of Compact Binary Millisecond Pulsars

Speaker

Karri Koljonen

13:45-14:00

The power of the dark side - weighing massive neutron stars in spiders

Speaker

Jordan Simpson

14:00-14:15

Pair Discharges and Radio Emission from Pulsar Magnetospheres

Speaker

Joonas Nästtilä

14:15-14:30

Waves in ultra-magnetized plasmas

Speaker

Ville-Vertti Linho

14:30
