

Session Program

26-29 May 2026

Nordic-Baltic Astronomy Days 2026

28-C2: Planets

Radisson Blu Marina Palace Hotel
Linnankatu 32, 20100 Turku

Thursday 28 May

15:00

28-C2: Planets

Session | Location: Room C

15:00–15:15 **Asteroid photometric and polarimetric phase curve modelling**

Speaker

Hanna Pentikäinen

15:15–15:30 **Imaging simulation tool for small solar system objects**

Speaker

Antti Penttilä

15:30–15:45 **Asteroid mass estimation based on mutual encounters in the Gaia era**

Speaker

Elo Tuominen

15:45–16:00 **Extreme Negative Polarisation of New Interstellar Comet 3I/ATLAS**

Speaker

Zuri Gray

16:00–16:15

Debiasing The Legacy Survey of Space and Time for Solar System Objects

Speaker

Rosemary Dorsey

16:15
