

# COSMOLOGY in COLOMBIA

CoCo 2025

The seventh CoCo meeting (Cosmología en Colombia) will be held from November 12th to 14th, 2025, at Ciudad Universitaria Meléndez, Universidad del Valle, Cali – Colombia.

The goal of this meeting is to bring together cosmologists to discuss the current state of cosmology at the interface of theory and observations.

The main topics include:

- ▶ Inflation and the early Universe
- ▶ Cosmic microwave background
- ▶ Large-scale structures of the Universe
- ▶ Dark matter and neutrino astrophysics
- ▶ Dark energy and modified gravity
- ▶ Gravitational waves and multi-messenger astronomy

We expect this event to provide a platform for maximizing interactions and creating new collaborations.

12–14 de Noviembre de 2025  
Ciudad Universitaria Meléndez  
Santiago de Cali, Colombia
