

Session Program

31 August 2026 to 4 September 2026

PPC 2026

Particle Astrophysics

Thursday 3 September

16:10

Particle Astrophysics

Session

16:10–16:35

Hard X-rays from Axion to Photon Converted Flux Employing Density Dependent Critical Temperature

Speaker

Prof. Madhukar Mishra

16:35–17:00

New neutrino-background from black hole superradiance

Speaker

Ms Anna John

17:00–17:25

Exotic energy injection in the 21-cm power spectrum

Speaker

Daniela Montes Doria

17:25
