

5.10 Resolution to dissolve Working Group 19 on Quantum Science and Technology.

In view of

- the fulfillment of WG19 of its original mandate to make a recommendation on the creation of an IUPAP Commission on Quantum Information Science and Technology;
- the resignation of the Chair of WG19 in June 2025;
- the decision made by the 33rd IUPAP GA to extend the existence of WG19 through the end of the International Year of Quantum Science and Technology, IYQ2025, in December 2025;
- the fact that the analysis on how to advance with the creation of the IUPAP Commission on Quantum Science and Technology is being carried out by a group of IUPAP Commission Chairs together with members of WG19

the 34th IUPAP General Assembly resolves to dissolve Working Group 19 on Quantum Science and Technology. It takes the opportunity to thank the members of WG19 and its chair, Shohini Ghose, for the work done for IUPAP wishing to continue the collaboration with them once the decision on the creation on a Commission on the subject is finally decided.
