

IAS Program on Fundamental Physics (FP 2026)

Contribution ID: 834

Type: **not specified**

Probing the nature of dark matter using strongly lensed gravitational waves from binary black holes

Tuesday, 13 January 2026 17:10 (20 minutes)

Author: JANA, Souvik (The Chinese University of Hong Kong)

Presenter: JANA, Souvik (The Chinese University of Hong Kong)

Session Classification: Conference: Parallel sessions (Astronomy & Dark Matters/Gravity)
