

Session Program

Sep 7 - 11, 2026

**15th International Workshop on the Physics
of Excited Nucleons**

Parallel session C

Mon, September 7

3:00 PM

Parallel session C

Session | **Location:** Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

3:00 - 3:30 PM

Electroexcitation of Nucleon Resonances with CLAS and Beyond

Speaker

Ralf Gothe

5:00 PM

5:30 PM

Parallel session C

Session | **Location:** Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

5:30 - 6:00 PM

Multi-dimensional Analyses of Partonic distributions

Speaker

Andrea Signori

7:30 PM

Tue, September 8

3:00 PM

Parallel session C

Session | Location: Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

3:00 - 3:30 PM

GPD and TDA measurements based on hard exclusive pion electroproduction with CLAS at JLAB

Speaker

Kyungseon Joo

5:00 PM

5:30 PM

Parallel session C

Session | Location: Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

5:30 - 6:00 PM

Transverse Momentum Moments

Speaker

Alexey Vladimirov

7:30 PM

Wed, September 9

9:00 AM

Parallel session C

Session | **Location:** Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

11:00 AM

9:00 - 9:30 AM

Neutrino Scattering: Connections Across Theory and Experiment

Speaker

Raul Gonzalez Jimenez

Thu, September 10

3:00 PM

Parallel session C

Session | **Location:** Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

3:00 - 3:30 PM **New Facilities, MESA**

Speaker

Achim Gerold Denig

5:00 PM

5:30 PM

Parallel session C

Session | **Location:** Hotel Ribera de Triana - Sevilla Pl. de Chapina, S/N, 41010 Sevilla

5:30 - 6:00 PM **Effective Field Theories for Neutron Stars Physics**

Speaker

Jose Manuel Alarcón

7:30 PM
