

Session Program

29 June 2026 to 3 July 2026

GeomGravX: 10 Years of Geometric Foundations of Gravity and eXtensions (in Tartu)

Konstantinos Dialektopoulos: Primordial Black Holes as cosmic expansion accelerators

Physicum, University of Tartu, A106
W. Ostwaldi 1, Tartu

Monday 29 June

11:25

Konstantinos Dialektopoulos: Primordial Black Holes as cosmic expansion accelerators

Session | **Location:** Physicum, University of Tartu, A106, W. Ostwaldi 1, Tartu

11:50

11:25-11:50

Primordial Black Holes as cosmic expansion accelerators

Speaker

Dr Konstantinos Dialektopoulos
