

Session Program

29 June 2026 to 3 July 2026

GeomGravX: 10 Years of Geometric Foundations of Gravity and eXtensions (in Tartu)

Vojtech Pravda: Charged asymptotically flat and asymptotically (A)dS black holes in quadratic gravity

Physicum, University of Tartu, A106
W. Ostwaldi 1, Tartu

Thursday 2 July

10:35

Vojtech Pravda: Charged asymptotically flat and asymptotically (A)dS black holes in quadratic gravity

Session | **Location:** Physicum, University of Tartu, A106, W. Ostwaldi 1, Tartu

10:35-11:00

Charged asymptotically flat and asymptotically (A)dS black holes in quadratic gravity

Speaker

Vojtech Pravda

11:00
