

# NEUTRINO '26

**International Conference on Neutrino Physics and Astrophysics**  
**June 22nd - 26th, 2026**

---

**UCI** Department of  
Physics & Astronomy

---

**THIRD AND FINAL BULLETIN XXXII International Conference on Neutrino Physics and Astrophysics**  
**Neutrino 2026 | June 22–26, 2026 | UCI Conference Center, University of California, Irvine**

---

Dear Colleague,

This is our third and final bulletin for Neutrino 2026. Several critical deadlines are approaching within the next two weeks — please read carefully and act promptly.

---

## **REGISTRATION — Deadline: May 31, 2026**

Regular registration closes on **May 31, 2026**. After this date, a late registration fee will apply. Please note that **on-site registration will not be available**. Your registration is considered complete and confirmed only upon receipt of payment.

👉 Register now at: <https://indico.global/e/neutrino2026>

**Important:** We must provide a final headcount to the conference center by **May 24, 2026**. We strongly urge you to complete at least Step 1 of the Indico registration before this date to help us accurately plan for all participants.

---

## **LUNCH BOXES — Order by May 24, 2026**

For participants who would like the convenience of on-site lunch boxes during the conference, this option will be available for purchase through Indico starting later this week. **Please make your selection and submit payment by May 24, 2026**, as we cannot accommodate requests after this date.

---

## ACCOMMODATIONS — Act Immediately

⚠️ **Hotel rooms are filling fast.** Some room blocks at our partner hotels are already sold out, and all remaining block room release dates fall within the next two weeks (**May 13 – June 1**). Please be aware that hotel rates throughout the region are significantly elevated due to FIFA World Cup events in Los Angeles. Our negotiated discounted rates — available to registered participants — represent exceptional value and **will not last**. We strongly urge all participants to secure their hotel accommodations immediately.

⚠️ **UCI Dorm Rooms are also filling quickly.** If you plan to stay on campus, please make your reservation and submit payment as soon as possible to avoid missing out.

All accommodation details and booking links are available on Indico.

---

## ABSTRACT INSTRUCTIONS

Instructions on abstract format and submission will be posted on Indico during the third week of May. Please check the website regularly for updates.

---

## PLENARY PROGRAM

We have an exciting lineup of talks and are finalizing the plenary session agenda. The first draft will be posted on Indico during the third week of May.

---

## CAMPUS PARKING

Parking information for conference participants — including those staying at partner hotels as well as on-campus dorm residents — will be made available on Indico during the third week of May. Please check the website for updates and plan your transportation arrangements accordingly.

---

For all conference-related information, please visit: <https://indico.global/e/neutrino2026>

We look forward to welcoming the global neutrino physics community to Irvine this summer!
