

**Registration Fees:** Registration fees constitute the primary source of funding for IWARA 2026. Accordingly, the fees have been set to cover the costs of organizing the conference while encouraging broad participation. Fees are **USD 260 (faculty and researchers)** and **USD 130 (students)** for payments made by **June 30, 2026**. After this date, fees are **USD 300** and **USD 150**, respectively.

Lunch will be offered on Monday, Tuesday, Thursday, and Friday at a restaurant located across from CINVESTAV. Each meal includes soup, a main course, flavored water, and dessert. The cost is USD 32 for all four days, which may be added to the registration fee. Alternatively, participants may pay USD 8 per day directly at the restaurant or choose from other nearby dining options.

**A 16% VAT (IVA) will be applied to the registration fees listed above when an official invoice (*factura*) is required as proof of payment.**

#### **Payment Instructions:**

**Participants who require an official invoice (*factura*)** must complete their payment through the Mexican Physical Society's official platform: <https://plataforma.smf.mx/ingresar/>

To proceed, participants must create an account on the platform and follow the instructions provided in the following video:
