

Childcare assistance

Scuola Bambini Bicocca

1st BiCoQ Conference: from gravity to particles

15-19 June 2026

CHILDCARE CENTRE LOCATION

Bambini Bicocca Pre-primary Centre is sited in Piazza dei Daini n°6 (U27 Building). The School is just a few minutes walking distance from U3 Building, where the venue of the conference will be located. Children aged between 3 years and 6 years old are welcomed to attend.

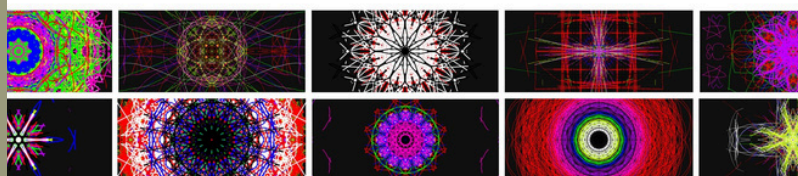

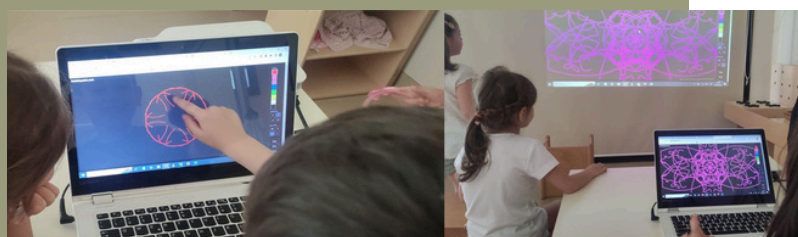

EDUCATIONAL INFORMATION

The School is a qualified, carefully designed, vital place where children encounter languages and knowledge, familiarize with them.

The School houses a large garden and a tile patio in the rear where children can move freely in direct contact with living things. Ventilation/air conditioning is guaranteed indoor.

Experts (atelieristi) are present with regularity. The two class teachers are in co-presence every day for 4 hours. The activities proposed cover all the fields of experience provided for by the National Curriculum Guidelines, with specific attention and experimentation in **Science, English and Music**.

The activities are characterized by a holistic project approach, which aims to link children's significant experiences at different times and through diverse activities with the preparation of specifically designed ateliers/learning environments: the classroom, the garden, the scientific atelier and the expressive atelier, the music room.
