

# Sustainable HEP 2026

5th edition of the Sustainable High Energy Physics Conference

**8th-10th July 2026**

[indico.global/e/susthep26](https://indico.global/e/susthep26)

This free conference will address the **intersection of high energy physics and climate issues**. The program includes **invited talks, panel, submitted talks**, and discussions on ongoing sustainable initiatives in HEP.

**Registration open!**
