Contribution ID: **11**   Type: **not specified**

Gong Show

Thursday, 5 March 2026 10:45 (30 minutes)

Order of presentation:

1) Justin Berman - Holographic Modular Flow in the
Semiclassical Limit
2) Evan Deddo - Quantized Giant Gravitons as the "Periodic Table" of Supersymmetric States
3) Puxin Lin - Thermodynamics of de Sitter black holes from an observer perspective
4) Liza Rozenberg - Topological recursion in 3d gravity
5) Xiaoyi Shi - Can black holes preserve N > 4 supersymmetry?
