Talks XIV: Talks XIV

Session | **Location:** Santiago de Compostela, Spain, IGFAE

09:30–09:50 **Jet fragmentation at next-to-single log (NSL) for general cuts**

Speaker
Alexander Fraley

09:50–10:10

Locally finite Higgs+jet amplitudes at two loops from G-K decomposition

Speaker
Aniruddha Venkata

10:10–10:30 **Charge-Charge Correlation in QCD**

Speaker
Zhen Xu

10:30–10:50

Factorization and Resummation for three-point energy correlator measured on boosted top quark jets

Speaker
Damiano Barcaro

10:50–11:10 **TMD factorisation and quarkonium**

Speaker
Pieter Taels

11:10
