

## Session Program

5-6 Mar 2026

LIGO INDIA

Hosted by LIGO-India Education & Public Outreach  
& Inter-University Centre for  
Astronomy and Astrophysics

GLORIOUS  
WOMEN  
Symposium  
5-6 MARCH 2026

Online event

Highlighting contributions from women scientists in Gravitational Wave Astronomy

Eminent speakers from the global collaboration

Focus sessions on Multi-disciplinary GW Science

Panel Discussion on "Women representation in GW Science"

Interaction session "Ask a Woman GW Scientist"

Organisers: Debarati Chatterjee (IUCAA, Pune, India)  
Anuradha Gupta (University of Mississippi, USA)

## Glorious Women Symposium

### *Session 3: Focus session*

Online

# Friday 6 March

17:00

## Session 3: Focus session

Session | Location: Online

17:00-17:30 **Breaking barriers in precision measurement : The GW way**

**Speaker**

Manasadevi P. Thirugnanasambandam

17:30-18:00 **Probing The Universe With 6th Sense**

**Speaker**

Shilpa Kastha

18:00-18:30 **Multi-messenger Astronomy**

**Speaker**

Samaya Nissanke

18:30-19:00

### **How We Find Gravitational Waves: Methods and Discoveries with Ground-Based Detectors**

**Speaker**

Surabhi Sachdev

19:00-19:30 **Theoretical modeling/NR simulations**

**Speaker**

Manuela Campanelli

19:30
