Conference Schedule Assistance · Work

Based on my interests, background, and past work, would you be able to suggest a full-day talk schedule for each day at the lattice 2026 conference for me? I will attend all the plenary talks but need help selecting a good set of talks for the parallel sessions to attend. Make sure to also include talks by my group members and collaborators. I'd like to see them. Here's the timeline:
<https://indico.global/event/16565/timetable/#20260726>.
