

Sustaining (Lattice Field Theory) Research in a Changing World

Panel discussion

43rd International Symposium on Lattice Field Theory
July 31, 2026

Panelists

- Constantia “Dina” Alexandrou, University of Cyprus
- Sinya Aoki, Fundamental Quantum Science Program, RIKEN
- Jonathan Bagger, American Physical Society
- Christian Bauer, Lawrence Berkeley National Laboratory
- S. James Gates, University of Maryland
- Marina Marinković, ETH Zürich
- Andreas Kronfeld (moderator), Fermilab

Sustaining (Lattice Field Theory) Research in a Changing World
