

Session Program

5-8 May 2026

15th Nordic Meeting on Nuclear Physics

Fission

Gotland, Visby, Bryggarsalen
Visby Strand Hotel

Thursday 7 May

10:50

Fission

Session | **Location:** Gotland, Visby, Bryggarsalen, Visby Strand Hotel | **Convener:** Stephan Alois Pomp

10:50-11:15 **Fission in inverse kinematics - history, status and outlook**

Speaker

Andreas Heinz

11:15-11:35

Isomeric yield ratios and angular momenta of fission fragments in proton induced fission

Speaker

Andreas Solders

11:35-11:55

Upcoming Fission Program at the Oslo Cyclotron Laboratory

Speaker

Neeraj Kumar

11:55-12:10

Transfer-induced fission at the ISOLDE Solenoidal Spectrometer

Speaker

Maria Vittoria Managlia

12:10-12:25

Very asymmetric fission yields of U-233(n,f) at LOHENGRIN

Speaker

Marius Torsvoll

12:30
